

**STROKE
DETECTION** *Plus*[®]
PREVENTION THROUGH EARLY DETECTION

**Kansas Farm Bureau Members Detect Your
Risk For Stroke In Under 10 Minutes!
KFB MEMBERS SAVE \$35**

"Since Stroke Detection Plus was screening at Farm Bureau where my wife works, she insisted I screen. I am so thankful she did. I felt fine except for some recent headaches, which we all have. I would have had no idea I had a problem. You found I had 90% blockage in my right carotid artery. I have now had surgery and I feel fine. This really opened my eyes to how important these tests are." **Glen Schiffelbein – Dodge City, KS**
