## Why Choose Wheatland Broadband?

- **OUR VALUES**– We are committed to rural Kansas and the communities we serve. One of our primary areas of focus is to bring high speed internet to rural Western Kansas. Since our inception over 10 years ago, we have been ensuring that residents of Western Kansas in our service area have access to the latest technology. This commitment will help to ensure the continued success of our Kansas farmers and all Western Kansans. That makes us a perfect choice to partner with Kansas Farm Bureau members!
- **OUR SERVICE**– We provide the best customer service in the business. Live customer service from 8-5 Mon-Fri and 24/7 technical support. No long hold times or ridiculous voice prompts! Other companies may offer afterhours support but nobody else offers it as part of your service, you'll have to pay extra if you want that from the "other guys"!
- **OUR LOCATION**– We live where you live! Being locally owned and operated, by our parent company Wheatland Electric, ensures that we never lose sight of our members and what's best for them.

\*All pricing for monthly internet plans reflect the \$5 Farm Bureau® Member discount. Discount applies to members in good standing as verified by the Kansas Farm Bureau. Not valid with any other offer.
