Title	Length
AGRICULTURAL ACCIDENTS & RESCUE: PTOs Describes how a PTO shaft operates, how people get caught in them, review of general rescue procedures, shows a rescue, and answers common questions.	20:00
AG EQUIPMENT OPERATOR SAFETY SERIES Training resource for youth engaged in ag operations. Ages 13 to adult.	65:00
AMAZING WHEAT The Amazing Wheat video provides your students with an educational (and entertaining) look at wheat, “the principal sustaining grain for people around the world.” The Amazing Wheat Teacher’s Guide is a companion to the video.	16:00
ATV SAFETY - A MATTER OF COMMON SENSE Offers common sense riding skills and safety tips.	10:00
ATV SAFETY – RIDE SAFE, RIDE SMART This DVD is a rider-friendly look at how to get a proper start in ATV riding. It profiles two families; one who rides for recreation only, the other who uses their ATVs first for working on the farm, then as camping and trail riding machines. Both sets of parents lead by example, emphasizing riding an ATV that is right for your age, wearing proper protective gear and respecting the environment.	9:00

Title	Length
ATV SAFETY - RIDERS GUIDE TO SAFETY Covers turning, stopping, hill climbing, traversing, braking and proper protective apparel.	19:00
ATV SAFETY - THREE WHEELIN' Dramatizes the importance of becoming familiar with your ATV and safe riding habits.	23:00
ATV SAFETY - VOICE OF PRECAUTION A family shopping for an ATV for their 12-year-old son discovers the time to learn about ATV safety is BEFORE he rides.	20:00
"BE PREPARED - JUST IN CASE" A guide to transporting pesticides.	15:00
BICYCLE SAFETY CAMP A very entertaining video promoting bicycle safety and helmet use.	25:00
BRINGING BIOTECHNOLOGY TO LIFE This video for students in grades 7-12 explores biotechnology through the eyes of Julian as he creates a PowerPoint presentation for science class. The fast paced video explores an array of biotechnologies being developed for use in medicine, fuel production, nutrition, and feeding a hungry planet.	21:00
CATTLE HANDLING AND TRANSPORTATION Demonstrates how a basic understanding of cattle behavior patterns along with proper handling and transportation will result in a more profitable operation.	20:00
CAUTION THE SUN Demonstrates how workers involved in agriculture can reduce the chance of getting skin cancer.	10:00
CHAIN SAW SAFETY Explains hazards and safe operation of chain saws.	25:00
COMBINE SAFETY Deals with the dangers of combines as well as safety precautions that need to be taken. Maintenance tips are also included.	30:00
COME IN FROM THE STORM (CHILD ABUSE)	
1) China Doll - Verbal Abuse	11:00
2) The Diary - Physical Abuse	17:00
3) The Necklace - Sexual Abuse	18:00
Sensitive dramatizations that address verbal, physical and sexual abuse. <i>(Must meet certain criteria for use. Consult Safety Department before checking out this selection.)</i>	
CONDUCTING FARM SAFETY DEMONSTRATIONS Includes instructions for the following demonstrations: PTO, Flowing Grain Hazards, Reaction Time, Chemical & Germ Contamination, PTO Entanglement Footage, Glo Germ Footage, Animals, ATVs, Lawn Equipment and Disability Awareness.	81:00

Title	Length
CONSIDER THE FLIP SIDE: GET A ROPS & SEATBELT Talks to people who have survived because of ROPS. Describes why and how rollover's occur. Talks about how manufacturers are making it easier for farmers to get affordable ROPS for their tractors.	14:30
DAIRY SAFETY - IT'S NO ACCIDENT Safety with cows, bulls and calves along with chemical safety and general farm safety.	30:00
DANGERS DOWN ON THE FARM Deals with the dangers of farm machinery and shows how farmers may be injured.	30:00
DEFENSIVE DRIVING Five areas of defensive driving are covered. 1) The Reunion, 2) Defense Never Rests, 3) No Second Chance, 4) Trouble Ahead - Trouble Behind, and 5) Perfect Trip.	90:00
DON'T PLAY GAMES WITH FANNY FLAME This video provides you an opportunity to share important messages about fire safety with children.	16:00
DRIVELINE SAFETY AND YOU Emphasizes the proper use, maintenance and repair of drivelines (PTOs).	20:00
DUI: EVERY FIFTEEN MINUTES This video derives its name from the fact that every 15 minutes someone dies as the result of a drunken driving accident.	11:00
EMERGENCY FIRST AID Covers CPR, choking, bleeding, shock, burns, frostbite, poisoning, and more.	60:00
EVERY TIME...EVERY RIDE.... Many are unaware of the risk that riding presents. Too often a rider's enjoyment comes to an abrupt end because they lack the information to convince them to wear a helmet.	20:00
EXPLORING PLANET PIZZA This videotape was made to help children understand the processes used to produce the crust, cheese, meat and toppings of pizza and that all of the ingredients in a pizza come from farms. Teacher's Materials are reproducible for classrooms to reinforce and develop skills needed by today's students.	12:28
FARM ACCIDENT EXTRICATION <i>(For use by Emergency Medical Services personnel only)</i> Depicts rescue procedures for nearly every type of farm accident.	
#1. Introduction, Tractors & Operating Tractors	70:00
#2. Hay Bailing: Conventional & Large; Silage Wagons	60:00
#3. Corn Pickers, PTOs & Combines	60:00
#4. Grain Storage, Silos & Manure Storage	60.00

FARM SAFETY FOR KIDS / KIDS TALK FARM SAFETY STUFF	23:00
---	-------

Farm Safety for Kids (16 min.) - This video covers many of the hazards by which farm children have been killed or maimed. Safety professionals and medical personnel point out some of the ways in which tragedy can be prevented.

Kids Talk Farm Safety Stuff (7 min.) - A fast paced discussion with kids about dangers they see on the farm. Appropriate for children ages 4 to 10.

FARM SAFETY GOES TO CAMP	15:16
---------------------------------	-------

An overview of Farm Safety Day Camps in various locations. Includes interviews with those involved in staging the programs and clips of actual sessions sponsored.

FATAL REFLECTIONS CD	
-----------------------------	--

This CD provides lessons that reflect the reality and consequences of impaired drivers. Inserting actual participant photos into different scenarios enhances the reality of the devastation of driving under the influence.

FATAL STORY	5:23
--------------------	------

This is a true and powerful story of one parent's loss of a child to drunk driving and the reality that many teenagers don't understand the dangers of drinking and driving.

FATAL VISON	5:31
--------------------	------

Haunted by a fatal mistake, this teenager gives a spirited talk on the dangers of drinking and driving

FIRST CARE, ANATOMY OF AN ACCIDENT	15:00
---	-------

Stresses the importance of having a "plan of action" before a farm accident happens.

FOR THE REST OF YOUR LIFE	16:00
----------------------------------	-------

Stresses the need for safe use of anhydrous ammonia fertilizer and equipment.

GHOSTS OF GRADE CROSSING X	20:00
-----------------------------------	-------

Examines the dangers of railroad crossings and decisions you need to protect yourself.

GROWING A NATION	
-------------------------	--

This interactive program is a useful resource for U.S. history teachers and their students. The CD is not designed to be used as a student tutorial or to be viewed as a full-featured movie. It is recommended that screens from particular historical time periods be used throughout the year.

GUN SAFETY WITH EDDIE EAGLE	7:00
------------------------------------	------

Since firearms are present in about half of all American homes, kids must learn that guns are not toys. This is an entertaining way to teach children this vital lesson.

HARM'S WAY	20:00
-------------------	-------

Produced by the National Head and Spinal Cord Assn. Great for all ages but targeted at young adults who tend to think, "It can't happen to me."

Title	Length
<p>HONEY FILES: A BEE'S LIFE</p> <p>This videotape and 96-page teacher's guide (download it here: www.honey.com/consumers/kids/honeyfiles.asp) from the National Honey Board will have you and your students buzzing! Designed especially for educators of grades 4-6, these fun, new educational materials provide information, classroom activities and reproducible worksheets about bees, honey and pollination.</p>	20:00
<p>HOW TO CONDUCT WORKER PROTECTION STANDARDS TRAINING</p> <p>This video offers step-by-step instructions on how to conduct Worker Protection Standards training for your employees.</p>	180:00
<p>IT WON'T HAPPEN TO ME</p> <p>Provides basic safety rules for operating machinery. People in the medical field provide comments of what they have seen and heard in the hospital. Also, gives real examples of accidents that have occurred because basic safety procedures were not followed.</p>	16:00
<p>JOHN DEERE SAFETY VIDEO</p> <p>Covers a Positive Safety Attitude, Mowing, Safety Split Seconds - Split Lives, Accidents Last Forever, Combine Safety, Tractor Safety and the Dangers of Bypass Starting.</p>	11:30
<p>JOHN'S STORY</p> <p>The story of a man who lost his eyesight while working with anhydrous ammonia.</p>	20:00
<p>KANSAS KIDS, CROPS, AND CRITTERS</p> <p>This short promotional tape describes the Kansas Foundation for Agriculture in the Classroom 3-part Assembly Program.</p>	8:10
<p>KIDS SAFETY QUIZ</p> <p>The Official Kids Safety Quiz Game Show helps teach children to keep themselves safe while entertaining them by inviting them to play along while they learn. Five important safety areas are presented: automobile & pedestrian safety, swimming and water safety, fire and burn safety, bicycle safety and emergency response.</p>	30:00
<p>KIDS TALK FARM SAFETY STUFF</p> <p>A fast paced discussion with kids about dangers they see on the farm. Appropriate for children ages 4 to 10.</p>	7:00
<p>ONCE UPON A SOYBEAN</p> <p>Use this video (part of the Soybean Solution kit) to help Soylock Holmes solve the mystery of how soybeans may be a solution to some of the challenges facing our world today! A complete teacher's guide is included. Recommended for fourth grade students, but can easily be adapted to other grade levels.</p>	7:00
<p>RACING DESIGN MOTORCYCLES</p> <p>Highlights the danger of racing designed, street-legal motorcycles.</p>	16:30

Title	Length
REAL LIFE FARM ADVENTURE FOR KIDS Featuring all kinds of amazing farm equipment – plus very special footage of rugged tractors and gigantic super-powerful combines in action!	30:00
REACH OUT Music video - a powerful drama about the tragic results of drunk driving.	11:00
READY ROSTER - READY FOR SAFETY Farm safety for kids targets age 3-11.	8:00
SAFETY NET A high energy program featuring kids talking to kids about safety on the farm.	15:00
