

Kansas Farm Bureau® COLLEGIATE FELLOWS

The KFB Collegiate Fellows program offers emerging collegiate leaders an opportunity to engage in intentional leadership and personal development while learning first-hand about Farm Bureau policy. Fellows will dedicate a few hours each month during the school year to the program and in turn gain skills, insight and connections to prepare them for success in their education, future career and continued Farm Bureau involvement.

Program Highlights

Mentor Pairing - you'll be matched with a mentor based on your interests and will be given opportunities to connect with them monthly via video conference

Capstone Travel Experience - learn about Farm Bureau policy and programs throughout the year and experience both up close with a cohort trip. (Capstone destinations may vary depending on timing and availability of AFBF programming.)

Leadership & Personal Development - with a small cohort, the program can be customized to fit the leadership development and career interests of the participants

Cohort Project - build relationships with your peers as you work together to leave your mark on Farm Bureau
