

USING GIFT BASKETS TO SHOW TEACHER'S OUR APPRECIATION!

You can use gift baskets to spread the word about Teacher Appreciation Day as well as aid in the development of a positive, long-term relationship with local teachers.

Your basket might be full of books from Kailey's Ag Adventure Series, related lesson plans, glossary and an activity book. Or you may want to deliver snacks in a basket that could be shared with other educators. These goodies are delivered with the hope that the recipients understand how much we value their contribution to our communities.

With your help we can promote the message that neither farm nor city can exist in isolation. We need each other. Deliver your baskets prior to Teacher appreciation Day, which is celebrated May 8.

Tips

- ☐ Be sure to provide your county's contact information should there be any questions
- ☐ Consider including a flyer on membership benefits.
- ☐ Use your imagination!
