

# Corn Fun Facts

**There are over  
3,500 different  
uses for corn  
products.**

**Corn will  
(almost)  
always  
have an  
even  
number  
of rows  
on each  
cob.**

**Corn is the largest  
single grain crop  
grown in the United  
States.**

**On average an ear of  
corn has 800 kernels in  
16 rows.**

**Blue, white, and  
yellow corn are  
all grown in  
Kansas.**

**U.S. farmers export  
one-fourth of the  
corn they grow.**
