Managing the Markets in 2021

Matt Hines from Loewen and Associates

Tom Leffler with Leffler Commodities, LLC

This shootout style forum will feature two of the state's most respected market analysts, addressing the key price driving questions for 2021 crop and livestock markets, and leaving plenty of time at the end for questions from the audience.

Regional Food Hubs and Local Processing

Tom Buller, Douglas County Horticulture Extension Agent

Tony George, Program Manager for KDA's Meat and Poultry Inspection

Join us to learn about the concept of food hubs and the role they can play in building a strong local food system across the state of Kansas. We'll also learn about the state meat inspection program and the options that are available to sell meat products in Kansas.

Facing Your Leadership Challenges

Vance Crowe

Most leadership seminars focus on important concepts like emotional intelligence, delivering successful feedback or encouraging growth in your teams. However, many leaders are never given models they can use to think through the complexities required to lead others. This workshop is designed to offer participants a chance to speak candidly about the challenges of managing the varied and complex interests of those around you - employees, community members, industry peers and more. The topics covered in this workshop will be delivered as a survey of mental models so participants can understand enough to recognize which model they need as they face their own leadership challenges.

The workshop will cover:

- *Putnam's Two-Level Games*
- *The Golden Mean of Agreeableness*
- *Interest-based negotiations*

Growing Membership

Dr. Scott Downey, Purdue University

Even before COVID, growing memberships and getting participation was a challenge. Drawing from research on how people make decisions, this energetic session will help us understand what motivates participation and what we can do to encourage it.

11:15-noon WORKSHOPS

Bridging the Generational Divide

Jordan Henry, American Farm Bureau Federation

Generations aren't simply separated by years. People divided by generations experience gaps in culture, technology and life experience. This workshop will help you better understand generational differences that affect how people approach life, work and volunteering. Learn to understand what motivates different generations of members to better equip your Farm Bureau to appreciate and use the diversity of talents each generation brings.

Farm Succession Planning

Dan Shurley, Regional Financial Consultant for Farm Bureau Financial Services

Andy Ellis, Partner at Arthur-Green, LLP

We will assist you with estate preservation strategies, and business and tax succession strategies. The goal with this workshop is to provide you with information that will help reduce costs for the family to settle your estate.

Addressing Farm Stress

Emily Krekelberg, Extension Educator for the University of Minnesota Extension

With low commodity prices, high debt loads and challenging weather in recent years, farmers are experiencing high amounts of stress. It can be challenging to know how to approach someone under a lot of stress and how best to help them. In this session, Emily will review the nature of farm stress, discuss how to identify stress, provide strategies for communicating with stressed individuals and review available resources. This session is for anyone who has ever thought, "I should say something, but I don't know what to say."

21st Century Agriculture Education

Angie Danner and Rhonda McCurry, Kansas Farm Bureau

Calling all members working to impact Ag Education! This workshop is designed to showcase innovative ways four county Farm Bureaus have successfully adapted to pre- and post-COVID school restrictions. This panel will help you discover ways to target audiences through technology, develop and utilize Ag Ambassadors and highlight best practices to provide members great ideas you can implement in your home county.

The Agricultural Trade Agenda of the Trump Administration

Ambassador Doud, Chief Agricultural Negotiator for the Office of the U.S. Trade Representative

Ambassador Doud will provide an update on global agricultural trade, highlighting key trade priorities, including the USMCA, the China Phase One Agreement, the U.S.-Japan Trade Agreement, as well as ongoing negotiations with the United Kingdom and Kenya.

Noon-1 p.m. BREAK & VIRTUAL TRADESHOW

Rural Revitalization and Broadband

Carolyn Dunn, Executive Director of Stafford County Economic Development
Catherine Moyer, General Manager and CEO of Pioneer Communications
Lea Ann Seiler, Director of Hodgeman County Economic Development

Join us to hear how rural counties are working to attract and keep new and existing businesses. Also learn about efforts to bring broadband to every corner of Kansas to improve health, education and economic activity across the state.

KFB Health Plans

Erin Petersilie, Kansas Farm Bureau Health Plans Manager

Thinking a health plan might be right for you? Wondering how the plan has worked in year one? This session will give an overview of year one as well as answer questions about the plans. Panelists will give different perspectives of the plans so you can see the complete picture.

Future Farm Policy and the 'Climate' in Washington

Andrew Walmsley, American Farm Bureau Federation

This workshop will focus on the challenges for farm policy in the next several years. How does Farm Bureau engage on climate issues and what does that mean for the next farm bill?
