

Name _____ Date _____

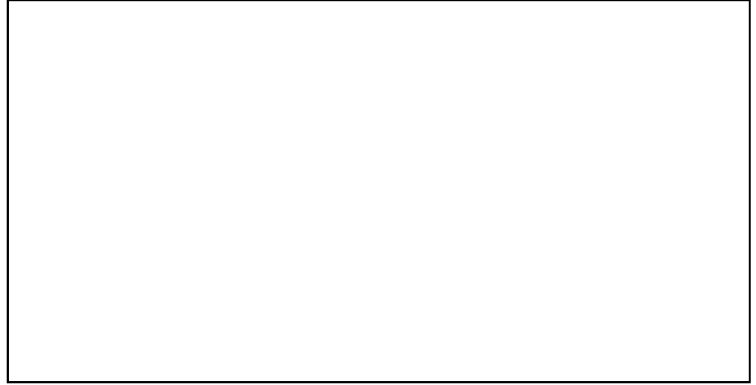

Directions:

- 1.) Go to each of the mystery cards placed on the walls around the room. There should be four.
 - 2.) Fill out the first blank with the number from the card.
 - 3.) Fill out the second blank with the item from the card.
 - 4.) In the square draw a picture of the item from the card.
 - 5.) Think about how all those items come from just one bale of cotton.
- A bale of cotton weighs 480 pounds.
