

Dear Editor,

May _____ is Teacher Appreciation Week and _____ County Farm Bureau would like to say thanks to all our area teachers. Your work is essential in preparing our youngsters for a bright and fruitful future.

We also wanted to share an opportunity with area teachers, Kansas Farm Bureau offers Excellence in Teaching Grants. Kansas certified educators of grades K-6 who are integrating agriculture into their classroom lessons are eligible to receive up to \$400 dollars to purchase supplies related to agriculture lessons and projects.

We know times are tight in school funding. We hope this might be one way to help and also keep Ag in the classroom. Agriculture has no boundaries; it can be a part of social studies, language arts, science, math, environmental education, art, music, or a number of other subjects.

Thanks for all you do, for more information go to,
www.kfb.org/educationoutreach/foundationforagriculture

Sincerely,
